

HMO Forward Health Interchange Encounter User Guide Changes

Last Updated: 11/6/2008

This document identifies the changes made to the HMO Encounter User Guide for the Interchange implementation.

Date change Identified	Request for change submitted by	Date Changed	Section	Change Description
9/5/08	HMO Teleconference	09/11/08	Pg A-15	<p>Added description for DX Version Indicator</p> <p>Diagnosis and Procedure code Qualifier (ICD Version Indicator) Required. The qualifier that denotes the version of International Classification of Diseases (ICD) reported. The following qualifier codes reflect the edition portion of the ICD: 9 - Ninth Revision, 0 - Tenth Revision.</p> <p>Applicability information is yet to be determined so the applicability information has been deleted.</p>
9/5/08	HMO Teleconference	09/11/08	Appendix A	<p>Modified all provider NPI fields, specifying that the data is to be right-justified and space filled if less than 10 characters. Ten digits identifies it as an NPI, anything less than 10 will be considered a ForwardHealth ID.</p> <p>Note, ForwardHealth IDs can be either 8 or 9 digits (8 is converted Medicaid ID, 9 is for future interChange-assigned IDs for non-medical providers).</p>
9/5/08	9/5/08 HMO Teleconference	09/11/08	Pg B-7	<p>7 – Financial Indicator. Add valid values, specifying “Y” means paid, or would have paid (and should be considered for costing), “N” means HMO did not pay</p>
